A TESTAMENT TO BANGKOK'S WEALTHIEST QUARTER

THE LOCATION

The crown jewel of the city

When a world-class experience makes its debut in Bangkok, it invariably unfolds in this enchanting locale — where the city's most affluent residents reside. Elegance and sophistication at every turn.

WORLD-CLASS DESIGN

Thomas Juul-Hansen

NEW YORK

Master of modern luxury and a constant record breaker. The visionary behind the most luxurious penthouses in New York and London — and, following SCOPE Langsuan Penthouse, the hand behind every interior and exterior at Thonglor.

QUALITY OF THOUGHTS

Nothing wasted.
Nothing missing.

0% WASTE SPACE

Seldom-used storage moves to the common areas — suitcases and winter clothes need not occupy half-million-baht square metres.

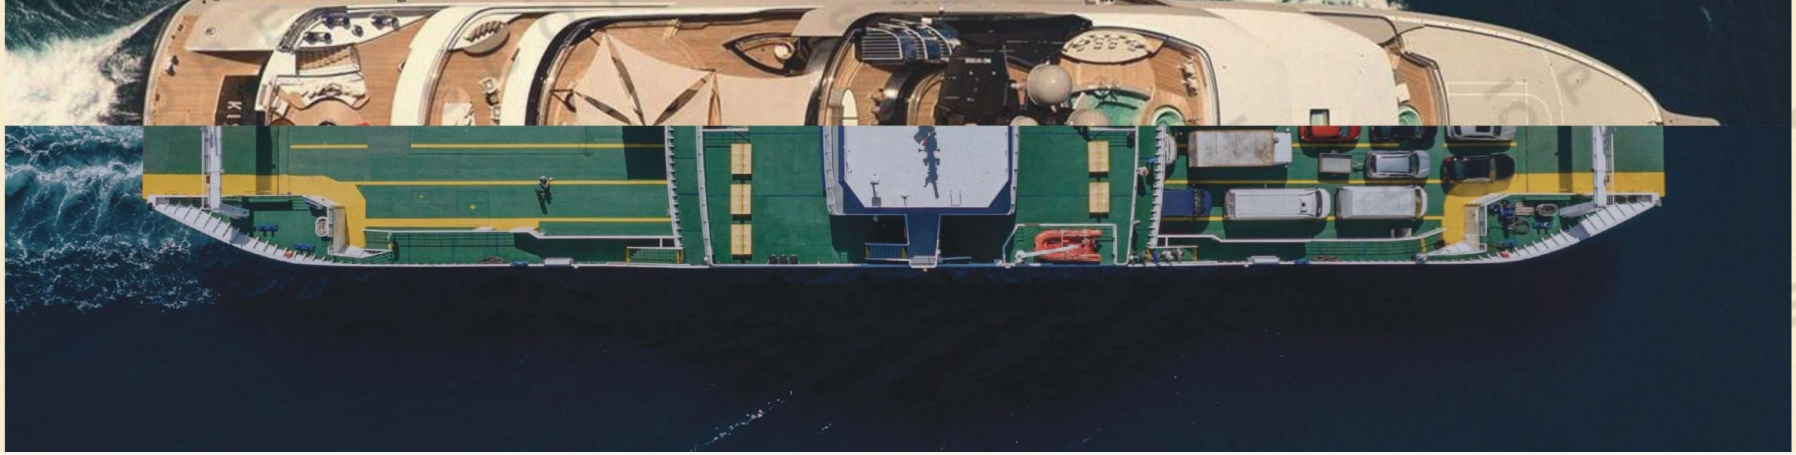

FINEST LIFE FOR EVERYONE

The world's first pet care room with professionally trained staff, and a finest drivers' lounge for those who make life easier.

SMOOTH, UNDISRUPTED
