THE OPPORTUNITY

The **final chapter** of a sold-out address.

Bashayer is Modon's flagship waterfront community on Hudayriyat Island, where earlier phases sold out ahead of pace. This is its **final phase** — the last waterfront community to be released on Hudayriyat Central — and the widest choice yet: 1–3 bedroom apartments, a new 2 & 4 bedroom townhome typology, and 4-bedroom penthouses. **Every home is oriented to the water.** This guide sets out the case, the destination, the product, the prices and the payment plan.

INVESTMENT RATIONALE

Why invest now.

- 01 The last waterfront release**
The final phase of Bashayer and the last waterfront community on Hodayriyat Central — finite, front-row inventory that can't be repeated.
- 02 A sea view from every home**
Every apartment, townhome and penthouse is oriented to the water — a scarcity feature that supports both resale premium and low vacancy.
- 03 Abu Dhabi's #1 market**
Hodayriyat led the emirate in Q1 2026 with c. AED 11.97B in transactions — ahead of Saadiyat and Yas by volume.
- 04 Buyer-friendly payment plan**
Just 5% to reserve, a staggered 50% across construction, and 50% on handover in 2030 — low entry, long runway.
- 05 The island is already built**
Surf Abu Dhabi, the Velodrome, Circuit X, beaches and 220km of trails are operating today — delivery risk is low, lifestyle is live.
- 06 0% tax & Golden Visa**
No income, capital-gains or inheritance tax. Purchases from ~£410,000 (AED 2M) qualify for the 10-year renewable Golden Visa.

The early-mover thesis

Abu Dhabi's islands reward early buyers as infrastructure completes and supply tightens. Hodayriyat is early on that curve — the leisure infrastructure is live, the masterplan is finalised, and this is the last waterfront release. A longer, deeper market than Dubai: a multi-year hold, not a quick flip.
